Présentation de l'éditeur

This inspiring sketchbook, part of the *20 Ways* series from Quarry Books, designed to offer artists, designers, and doodlers a fun and sophisticated collection of illustration fun. Each spread features 20 inspiring illustrated examples of 45 themes - jellyfish, seahorses, star fish, clown fish, eels, sea lions, star fish, lobster, and much, much more - over 900 drawings, with blank space for you to draw your take on *20 Ways to Draw a Jellyfish and 44 Other Amazing Sea Creatures*. This is not a step-by-step technique book--rather, the stylized sea anemones, dolphin, and squid are simplified, modernized, and reduced to the most basic elements, showing you how simple abstract shapes and forms meld to create the building blocks of any item that you want to draw. Each of the 20 interpretations provides a different, interesting approach to drawing a single item, providing loads of inspiration for your own drawing. Presented in the author's uniquely creative style, this engaging and motivational practice book provides a new take on the world of sketching, doodling, and designing. Get out your favorite drawing tool, and remember, there are not just *20 Ways to Draw a Jellyfish and 44 Other Amazing Sea Creatures*!
