Entertaining and provocative in equal measure, the art of Allen Jones RA was at the forefront of the British Pop Art movement in the early 1960s. Since then, his highly erotic imagery, subversive humour and exuberant use of colour have been hugely influential, not just in the art world but across fashion, graphic design, film and music. This book explores the full range of Jones's fifty-year career, from his early art-school experiments in capturing movement, through his famous and controversial 'women as furniture' sculptures, to his continuing preoccupation with the human form. Biographie de l'auteur

Natalie Ferris is a writer and critic. She has contributed to *Frieze*, *the Guardian* and *the White Review* and is English Editor of the Korean architecture journal *Space*. **Marco Livingstone** is an art historian and independent curator. He has contributed to numerous books and exhibition catalogues, including *David Hockney: A Bigger Picture*, also published by RA Publications. **Sir Norman Rosenthal** was Exhibitions Secretary at the Royal Academy of Arts from 1977 to 2008. He is now an independent curator.
