Inside Las Vegas

Mario Puzo

Inside Las Vegas Mario Puzo

This is one of two non-fiction books that Puzo wrote. Inside Las Vegas tells you the truth about what goes on behind the poker games and fancy slot machines. Anybody who has read or seen Nicholas Peleggi's 'Casino' will know what I'm talking about when I say 'Magic'. This is truly a fine piece of work. It is interesting when a man called Bruno is in his hotel room packing when a bell boy knocks on the door and tells him there are two men down stairs looking for him, because he skimmed their Casino the night before. It will have you turning pages all the way to an explosive showdown.
