Herman Melville

BARTLEBY EL ESCRIBIENTE (Spanish Edition) Herman Melville

Traducido

Bartleby, el escribiente, de Herman Melville, considerada una obra maestra de la narración corta, constituye una pieza anticipatoria de la literatura existencialista y del absurdo. A través del protagonista, una amanuense que se enfrenta a las demandas de la realidad con un inquietante respuesta ("Preferiría no hacerlo"), el estoicismo, la ironía, el humor y el sordo desasosiego alegórico presente en la obra de Melville se aúnan para expresar la obstinación del ser humano en su afán de obtener respuesta a las grandes preguntas o, al menos, seguir buscándolas.

About the Author

Herman Melville was an American novelist, poet, and lecturer best known for his classic novel *Moby-Dick*, as well as for his short fiction "Bartleby, the Scrivener," and the unfinished "Billy Budd, Sailor." Educated as a teacher and later as an engineer, Melville's writing was heavily influenced by his time aboard the whaling ship *Acushnet*, and his month-long captivity by Typee natives on Nuka Hiva island. Although Melville experienced success early in his writing career, public indifference to his masterpiece, *Moby-Dick*, resulted in waning attention, and his work was almost entirely disregarded by the time of his death in 1891. Melville's work experienced a revival in the early twentieth century, and he is now considered one of the pre-eminent American writers of his time. He is also one of the most-studied novelists, and was the first writer to be collected and published by the Library of America.
